THE REAL ANTHONY FAUCI AND DEMAND A
FULL INVESTIGATION OF "AMERICA'S DOCTOR"

In his bestselling book, *The Real Anthony Fauci*, Robert F. Kennedy, Jr. exposes **decades of federal health agency corruption**, including **collusion with the pharmaceutical industry**, at the hands of Dr. Anthony Fauci during his tenure as Director of the National Institute of Allergy and Infectious Diseases (NIAID). As a growing number of Americans are questioning Fauci's handling of the COVID pandemic, and some politicians are **calling for an official investigation**, Kennedy presents a long history of facts **that challenge the merits of the moniker "America's Doctor."**

"Dr. Anthony Fauci referred to children - beautiful, healthy children - as **"vehicles of spread" for COVID,**" said Robert F. Kennedy, Jr. **"But scientists and physicians around the world have confirmed - Fauci is lying.** The push to vaccinate children has nothing to do with their health and everything to do with adding billions of dollars to the bank accounts of ruthless, corrupt pharmaceutical companies."
